THE ARCHITECTURE OF IMPACT

Inspiring the future of global events.

The new MICE Challenge: THE ART OF IMPACT

We believe that excellence isn't a benchmark — it's our nature.

At Lopesan, we craft elite ecosystems designed to elevate talent, accelerate strategic networking, and ensure your brand takes center stage.

In today's global marketplace, a corporate event is no longer just a gathering — it's a strategic investment.

Events that truly make an impact don't happen by chance.

They are built with us.

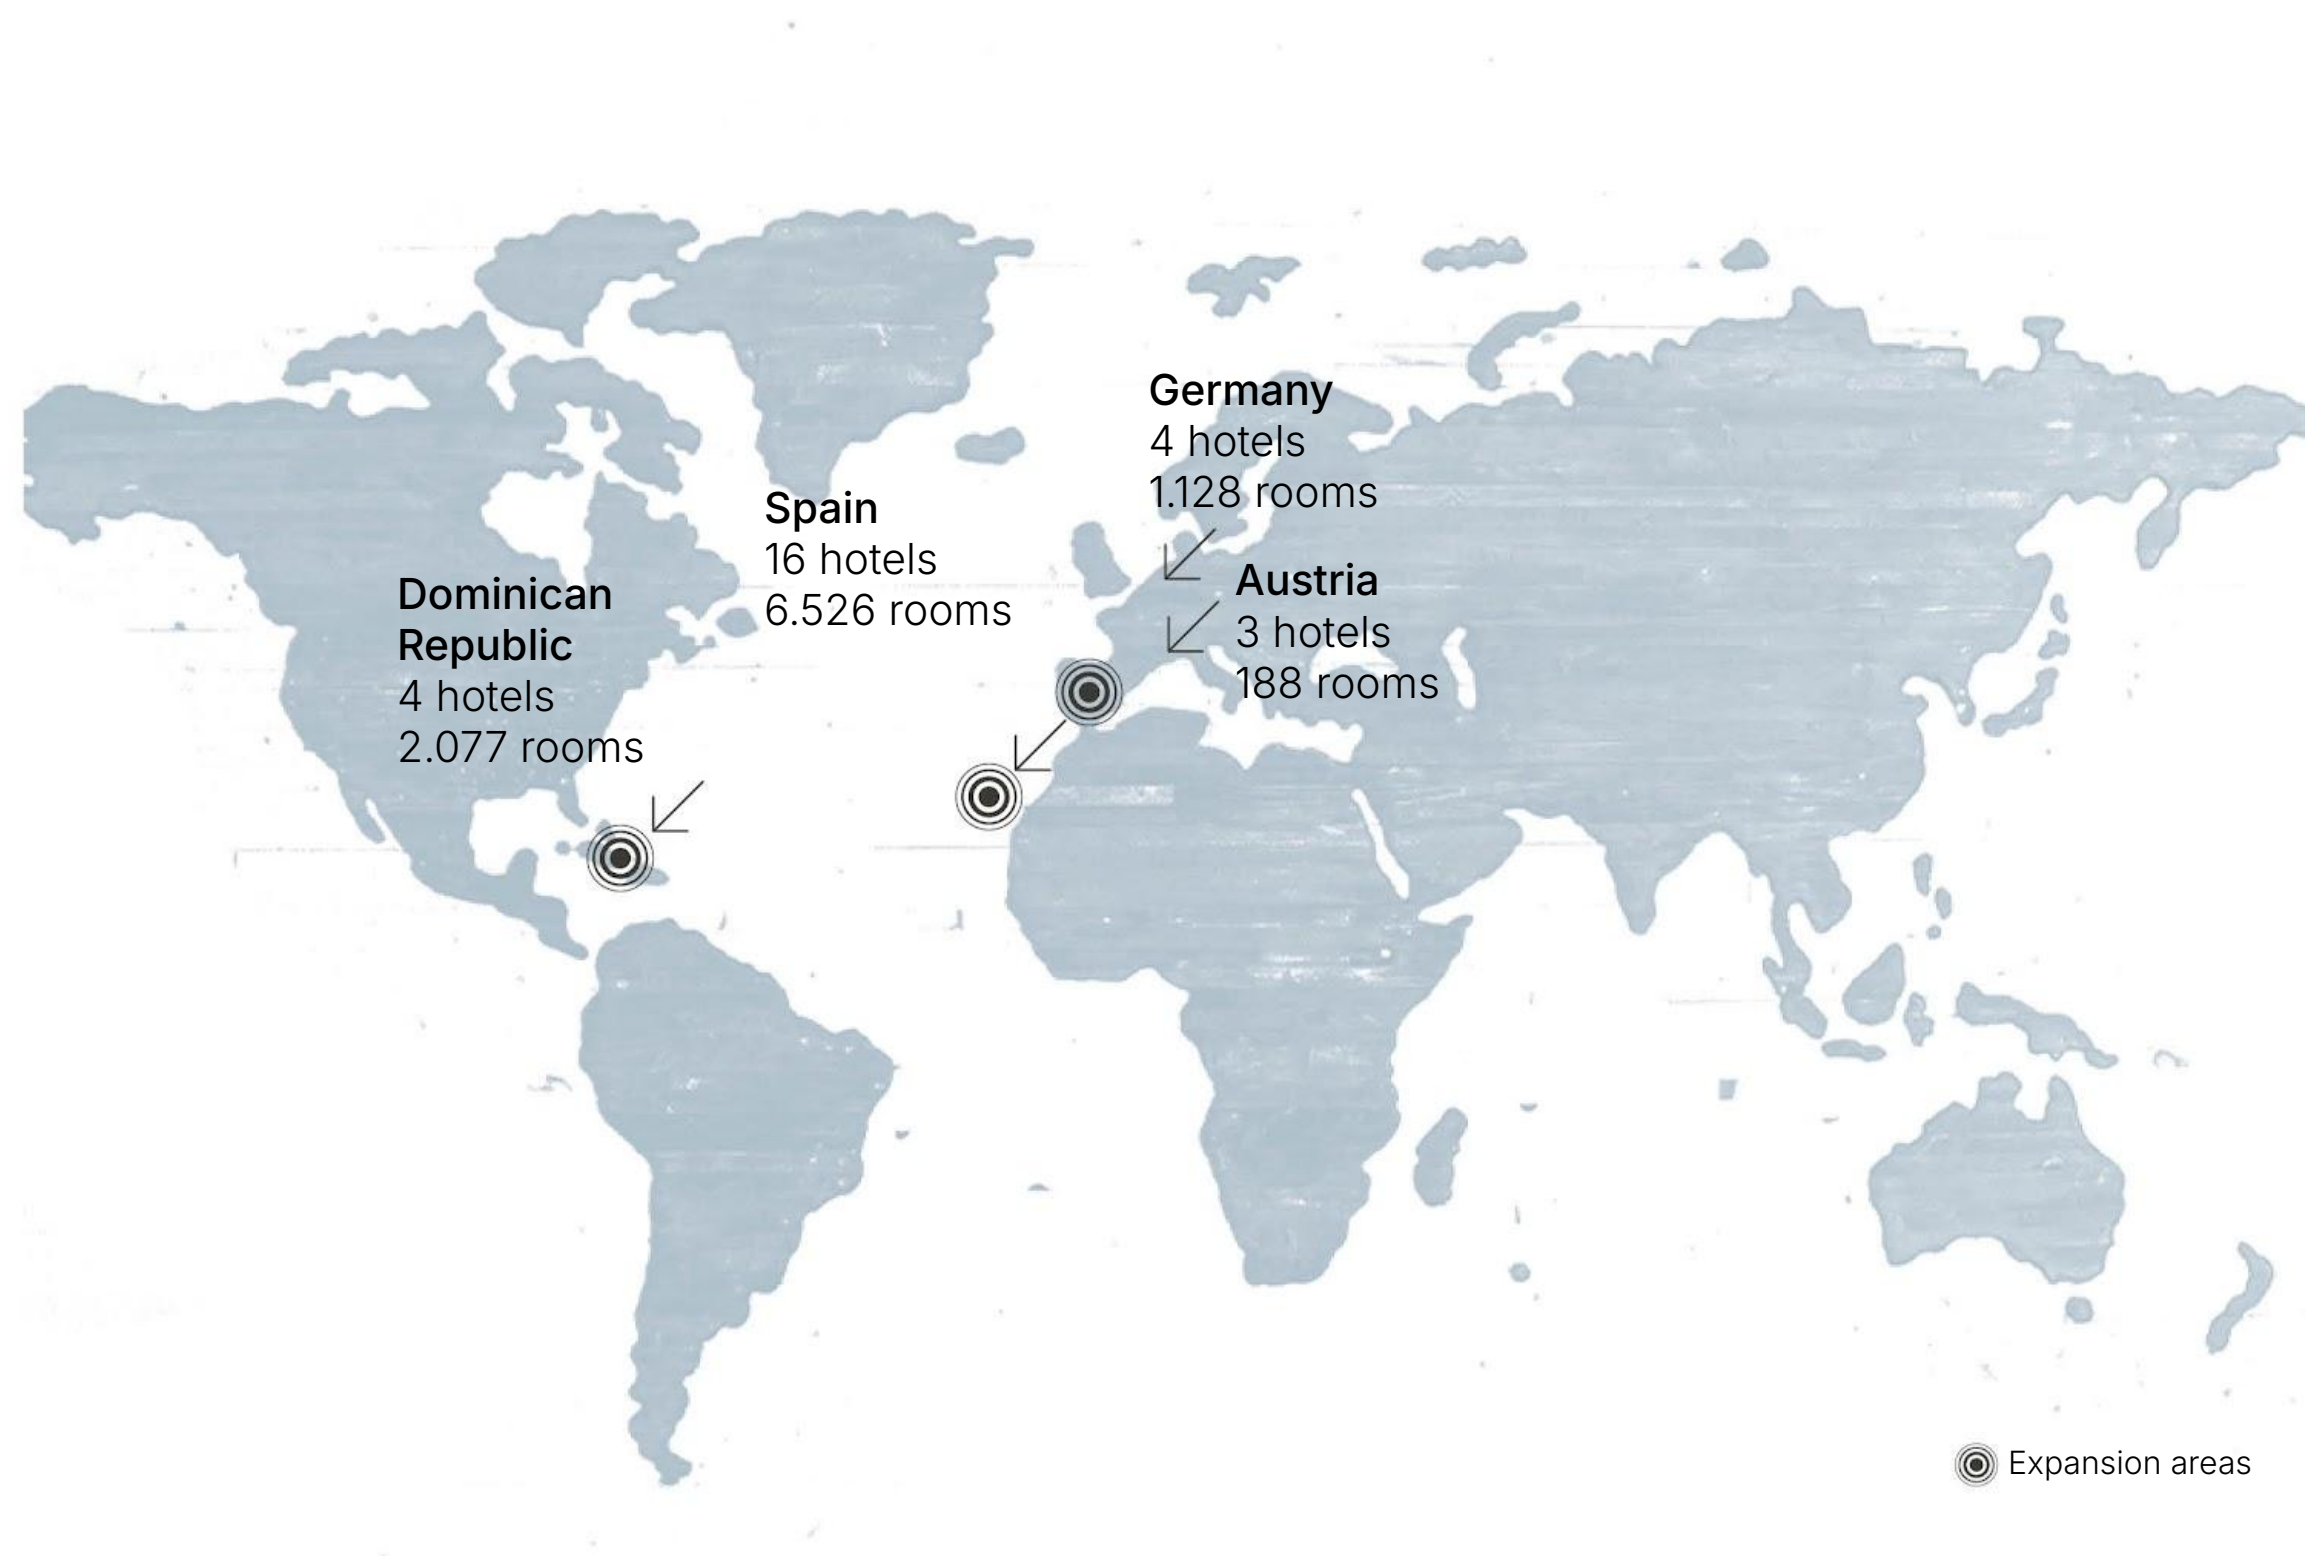

The Lopesan Advantage

- **Intentional Architecture:** Spaces meticulously designed to enhance focus, clarity, and versatility.
- **Advanced MICE Ecosystem:** State-of-the-art modular infrastructure that adapts seamlessly to any global requirement.
- **Frictionless Logistics:** Tailored operations crafted to meet the most demanding agendas.
- **Results-Driven Hospitality:** An elevated standard of service where your objectives define our success.

Travelife certification the seal of approval for our commitment to sustainability

All our hotels have obtained the Travelife certification, which evaluates and verifies the company's achievements in terms of sustainability, based on the Travelife International Standards.

This certification recognises our commitment to sustainable tourism in the Canary Islands and qualifies it as excellent, making it a very useful tool for reinforcing the Group's commitment to sustainability and making it known to customers and other stakeholders.

It should be noted that all our hotels hold the biggest certification awarded by this entity, the Travelife Gold Certification, which requires compliance with the most demanding sustainability standards.
